From Wednesday 13 August – Friday 15 August the PDHPE Faculty conducted a school based ski trip which headed for Perisher. 18 Students ranging from Years 9-10 who study PDHPE elective subjects including Physical Activity and Sports Studies (PASS) in year 9 or 10 to students who were keen to learn the sport of snowboarding or skiing.

The students were supported by Mr Skein and Miss Morrissey who volunteered their services to assist the students for the three days. Mr Skein and Miss Morrissey were both very proud of the students who took part as they showed respect and responsibility in all areas, from travelling on the long bus trip to working with other teachers and students from Camden High School who were accommodated with us.

We were left school at 9:15am and our destination was the ‘Snow Gate Motel’ Berridale, about 6 hrs away. We stopped at Cowra for a quick morning break and then travelled on to Dickson in Canberra for a lunch break, then a quick stop at Cooma as well where we could get a drink and stock up with snack supplies from Woolworths. When we got to Snowgate motel we were able to get issued our skis or snow boards and settle into our rooms and find our way around before tea.

The next morning we were up and at breakfast by 6:00am and ready to hit the slopes. The morning was clear with not a breath of wind. Plenty of sunscreen was shared around and layers of clothes shed as everyone discovered how hot it was going to be. After our lesson in the morning on Thursday, the groups then had the rest of the day to practise their new skills and try out some different runs around Blue Cow and surrounding Perisher. We returned to Snowgate for dinner and then a trivia night where the Canobolas table, led strongly by Cody Astill, took out the trivia night against Camden High School students.

It was again an early start to a big day on Friday. 6:00am breakfast, pack the bags and off to Perisher again. After 2 hours of lessons and some free skiing, we unfortunately had a man down. An injured wrist took Jordan off the slopes and to the Perisher medical centre for some treatment. After a whole day on the slopes it was time to head for Berridale again to get changed and return our ski gear. Teamwork was the key. Whenever there was work to be done everyone got in and helped and made the job seem easy!

On our way home we stopped at Yass for tea and were back home around 11:30pm, many with very tired and somewhat sore legs and arms, but lots of stories to tell about our snow adventures.

The ski trip was an awesome experience for all involved. The behaviour of all the students and the way that the whole group worked together to make it a fun trip leads Mr Skein, the organiser, and the PDHPE Faculty Head Teacher, to indicate that the trip will take place for PDHPE, SLR and PASS elective students again next year and into the future. Many students have said that they will return next year and we hope to take some new faces. Miss Morrissey has put the date in her diary also!!

For more ski trip action check out Canobolas PDHPE Facebook Group!
From the Principal’s Desk

Dear Parents and Members of our School Community

Welcome to week 6. What a fortnight we have had and we are extremely excited about the next two weeks. Beginning on the 1st September we will be hosting the first ever Orange Youth Arts Festival with the theme ‘A COMMUNITY OF CULTURES’

The Orange Youth Arts Festival is a Canobolas Rural Technology High School (CRTHS) initiative to provide youth with the widest range of opportunities made possible through the successful development of school and community partnerships. This project is built on the strength and success of the school’s well-established community partnership program, hence, its capacity to implement and facilitate a whole community approach for the benefit and empowerment of our youth and wellbeing of the community. This festival, the first of its kind in the region, sees local schools, businesses, government, and a host of community organisations unite in the spirit of the festival theme ‘A Community of Cultures’ to celebrate the wonderful tapestry of cultural diversity that continues to enrich our community; including contemporary and traditional art forms, performance and storytelling.

A number of local schools and community organisations have been invited to contribute and participate in a week long program of educational activities and events including concerts, debating, street art, public speaking, acrobatics and a series of educational and mentoring workshops which involve music, dance, writing, cooking and drawing. Community events include an evening Masterclass Workshop Series: presented by some of the countries best literary, artistic and culinary talent; Indigenous Sky Stories: an experience of wisdom and insight revealed in the night sky and through Wiradjuri story telling; Global Rhythm: a fun filled evening of drumming, song and dance and a Cultural Festivity day featuring arts, craft, food, market stalls and lots of free entertainment and activities for the kids. The festival also includes public exhibitions, urban street art and a photographic competition.

Why the Arts? “Because the Arts are inclusive of everyone. The Arts, in one way or another, involve or affect everyone in our community one way or another. The arts also provide the widest possible platform through which people are able to express themselves. The festival theme ‘A Community of Cultures’ celebrates the richness and diversity of culture and creativity within our community. Hence, we are inviting our youth to use the language of art to express their views and present a personal interpretation of what the various forms of culture mean to them. “The Orange Youth Arts Festival also provides a unique platform of opportunity for relationship building, intercultural exchange, community dialogue and the collective sharing of resources and ideas. The festivals long-term objective is to build and strengthen the community’s capacity to provide all young people with opportunities for lifelong learning, healthy living and the citizenship skills and values that will help them to actively engage and contribute to community with a sense of hope, purpose and meaning”.

The Canobolas Rural Technology High School is proud to present the 2014 Orange Youth Arts Festival and we look forward to your participation and assistance in helping us make this a successful event.
Congratulations

I would like to congratulate the students who attended our ski trip last week for the way they conducted themselves during their three day excursion. Mr Skein informed me that the students were a pleasure to take away and their behaviour and attitude were impeccable.

Congratulations must also go to the Hospitality students and staff who catered for the Molong Players Production “Molong Rouge” last Saturday evening. The students catered for 160 people with a beautiful roast and desert.

Continuing with our wonderful student achievements are our choir who performed at the Orange eisteddfod last week. The choir received a highly commended from the adjudicators and I had the pleasure of listening to our choir during their performance. They were outstanding.

Congratulations to Georgina Clark and Nick Flannery for making it in the Southern NSW Tenpin Bowling State Team where they compete against other states at the Australian Junior Nationals in April 2015. We look forward to hearing about the competition.

School Leaders Assembly

Next Friday 29th August, our school will host our leaders assembly for the election of school captains for the 2014-15 school year. We have eight student leaders who have nominated for the positions of school captain and vice captain. The assembly will begin at 10am sharp and parents are invited to attend this assembly. Each of our leaders will be delivering a five minute speech to our school cohort. All students and staff members will have the opportunity to vote for who they believe are the best four student leaders. Students will not be voting for male and female captains, rather the best four students leaders will be elected. All leaders will then be interviewed by the senior executive and a decision about our new leadership team will then be made. I look forward to seeing you at our assembly on 29th August in the school hall.

I look forward to seeing you all over our festival week and if you have any questions at all, please do not hesitate to contact myself or my staff. We are always willing to assist you in any way we possibly can.

With my warmest regards

Chad Bliss
Principal
Congratulations to students from Year 12 Industrial Technology Timber and Design and Technology who have submitted their major projects over the last few weeks. You’ll see the article from Mr Kay about the Timber projects and keep an eye out for the photos of the D&T projects soon. These projects are the reflection the efforts these student have made over 12 months. Well done!

**Industrial Technology Timber:**

On the 7th of August Year 12 Industrial Technology Timber handed in their major projects. Students have been working on their projects since the beginning of Term 4 in 2013 and had to produce a Practical Project and Report Folio discussing the years worth of work they had completed. This year we only have 2 students, Nick Cowley and Dean Hibbert.

Nick completed a Timber Tool Chest constructed out of Jarah with Tassie Oak trimmings. He has incorporated the schools newly purchased Laser Cutter into his project as well as laminating the curved front and felting the inside.

Dean finished a sloped artists writing slope out of Maple. He also used the Laser Cutter to add the finishing touches to his project as well as using mixed materials such as a Lino Tile to complete his project.

On behalf of the Industrial Arts faculty I would like to publicly congratulate the young men on their efforts in completing these massively impressive projects.

Did you know that we now have a laser cutter? This machine uses a laser to cut and engrave a wide range of materials from designs made on computers. We are the only school in Orange which has a laser cutter and we know of only one other school in the Central West which has one. If you work hard and receive a school medallion this term, it will have been engraved by us!

Currently Year 9 D&T are making MP3 speakers and they are designing a speaker box which will be laser cut from plywood. Here is a picture of what the speaker box looks like once it is cut out, before assembly:

**Design and Technology excursion to see CUSP design in Dubbo**

Recently students from Year 11 and 12 D&T travelled to Dubbo to view the CUSP design exhibition. This displayed works from Australian designers working on the cusp of the ‘next big idea’, like the cardboard folding emergency shelter in the photo below:
Notably we were able to investigate the design philosophy and work of Australian indigenous designer Alison Page. She uses the influence of her Aboriginal culture and fuses it with contemporary design to create culturally aware interiors and exteriors of buildings. This photo shows some of the D&T students taking in Alison’s interior design work.

The works on display, like the interactive gym/computer game hybrid and the 3D printed medi-alert jewellery, inspired Year 11 for next terms major design project planning and gave Year 12 some great case studies for their upcoming HSC exams. It was also great to escape the bitter cold Orange weather for a day!

Mr Matt Scott
Head Teacher
Industrial Arts & Computing

Yr9 Report!

As Year 9 Adviser I have the pleasure to know about some of the special things Year 9 students are participating in beyond the school walls. In this newsletter I would like to acknowledge two incredible students and congratulate them on their fantastic effort and courage.

Since April this year, Brittany Gee has been volunteering her time at the Riding for the Disabled Association. The program provides people with a disability, the opportunity to ride and enjoy all the activities connected with horse riding. Horse riding is a unique form of exercise and rehabilitation for the participants, improving coordination, balance, muscular development and social skills. Brittany’s kindness and compassionate personality hasn’t gone unnoticed by the other volunteers, students and primary school staff, all speaking highly of her dedication to the program. Keep up the great work Brittany.

The second student is Harmon Whan who is the successful recipient of a position to attend a 5 day program called Live It!, held at Newcastle University during mid December. Only 100 lucky participants are chosen across the state to attend this program. Students partake in a program of activities, lectures, workshops and industry visits which are designed to inspire them to build upon their potential to succeed in Years 10, 11 and 12 and expose them to a wide range of study and career options available to them upon completion of their HSC. I wish Harmon the best of luck and look forward to hearing about his experiences.

Every day of every week, I’m hearing fantastic stories about the abilities and skills that our Year 9 students possess. Harmon and Brittany are just two of these wonderful students who are proudly representing our school. Keep an eye out in the future to learn of more of the amazing things Year 9 are doing.

Ashley Matilka
Year 9 Adviser
Year 12 Trial Examinations
After completing their Trial HSC Examinations last week, students have now received their English results and are working hard to revise the course in preparation for their HSC Examinations in October.

Many students can feel pleased with their results and while others may be disappointed. It is important to note that there is still plenty of time to revise and improve areas that need development over the next 7 weeks.

In class, students will be revising the Area of Study: Belonging and each of the modules and electives they have studied. I would encourage students to take up opportunities to practise writing tasks under timed conditions to increase their confidence in writing under pressure. English faculty staff are more than happy to mark these practice writing tasks and provide feedback to all Year 12 students.

Students would benefit from taking advantage of Senior Study Sessions on Thursday afternoons and extra sessions that will occur in the school holidays.

National Literacy and Numeracy Week
National Literacy and Numeracy Week is next week (Week 7)! To celebrate this event, on Friday 29th August 2014 the school will stop what they are doing during Period 6 and spend some time... reading. Classes will participate in a number of reading activities including, ‘Read for Australia’ and general reading in news and current affairs. Look out for a heap of photos in the next edition of English Faculty News.

English Activities: Orange Youth Arts Festival
The Orange Youth Arts Festival is fast approaching in Week 8. The English Faculty are hosting many exciting opportunities to celebrate the talents and achievements of local students:

- Book Illustration Workshops – Students from local Primary and Secondary Schools will participate in a range of workshops learning about how to create a picture book. Freya Blackwood and Margrete Lamond will work with students from Orange to refine their storytelling skills.
- Primary School Debating Competition – Primary School Students from across Orange will converge on The Canobolas Rural Technology High School on Friday 5th September 2014 for a Public Speaking competition centred around “My Life, My Story”. This will be a fantastic showcase of students’ life experiences and some fantastic prizes are on offer. If your primary school is yet to register, please contact me at the school.
- Interschool e2 Debating – On Thursday 4th September 2014 the local e2 Secondary Schools will participate in a debating competition. On the day, the teams will participate in one prepared debate and the winners of this round will move through to the final.

If you are interested in spectating any of these events please contact me at the school.

Nicholas Williams
Head Teacher English

Mayor’s Cup Debating
The Canobolas Rural Technology High School was invited to celebrate ‘local government week” by participating in the Mayor’s Cup Debating Competition. Year 10 debaters Liam Fisher, Max Pearce, Charmaine O’Malveney and Rebecca Steedman went to Orange Council Chambers to face a prepared debate against Kinross Wolaroi School. Each speaker was required to speak for 6 minutes, present arguments and rebutt the other school’s team line.

The topic for the debate was ‘Graffiti is a form of Art”. Canobolas opposed this statement by arguing that Graffiti is illegal, dangerous, irresponsible and frequently offensive. Kinross supported the statement and said graffiti involved street art and was recognised as a form of art that could be paid for by business and represented political or marketing needs. Canobolas lost the debate by a small margin, as Kinross’ rebuttal held the final points.

Canobolas returned the Mayor’s Cup Debating Trophy this year but greatly looks forward to the opportunity of bringing it back next year. The Year 10 debaters Liam Fisher, Max Pearce, Charmaine O’Malveney and Rebecca Steedman represented the school with honour by introducing themselves to a local councillor and the Deputy Mayor. They congratulated the other teams and built camaraderie with the debaters from other schools.

Liam Fisher and Ms Fearnley
Visit to Carcoar Saleyards by Year 10 Agriculture

On the 20th of August the all-girl Year 10 Agriculture class travelled with Miss Hallett down to Carcoar to the Central Tablelands Livestock Exchange saleyards to look for a flock of lambs to add to the Ag Farm. Darren Connick from McCarron Cullinan, a local stock and station agent, took the group under his wing to show them around. There were 4000 lambs and 1000 sheep, but the normal capacity of the saleyards is 25000. Darren explained that the numbers were down due to the drought conditions in the north of the state. Due to this, unfortunately there were no lambs of the quality the school sought for the farm and the school did not purchase any lambs. However, the girls valued the experience and have gained much knowledge from the excursion.

The fatter and healthier lambs were in the closest pen to the entrance and sold first for up to $180 per head. As they continued along the rows, the lambs got less healthy, smaller, and lower in quality and the price depreciated, though it was difficult at times to understand what the auctioneers were saying. Darren is hoping to buy the school a small flock of up to 20 lambs privately which will be fattened up to sell, hopefully for the price of the lambs first pen and make a profit for the Ag Farm. The Canobolas Rural Technology High School and the Year 10 Ag class would like to thank Darren for his contribution and his services, which he has offered for free.

NATIONAL SCIENCE WEEK IN THE 7/8 ACADEMICALLY TALENTED CLASS

The students of the 7/8 academically talented Science class have embraced National Science week this year through the creation of models of the atomic structure of various elements on the periodic table. At the Canobolas Rural Technology High School we are filling our future scientist’s minds full of knowledge!!!!
Yes OK .. its National Science Week
You may have guessed it, its a big deal for us in Science. So come and join in, visit the web site and get involved!
http://www.scienceweek.net.au/schools/

After all Science is everything! And everything is Science! Lets have a look at what’s been happening. The Schools theme for National Science Week is Food for our Future: Science Feeding the World. The theme was inspired by the International Year for Family Planning. So yes this affects us all.
So what is Science all about! Finding things out of course! In other words being CURIOUS!
Faculty Ski Trip
See Front Article!

Canobolas Dance Concert

First ever Canobolas High School Dance Concert will be held in the Youth Arts Festival Week in week 8. The dancers will be performing throughout the day and evening on Wednesday 3rd September in the school hall.

The concert times will be the following:
9:30am till 10:45am (Local Primary Schools)
2:00 till 3:15pm (Canobolas High School Students)
6:00 till 7:15pm (General Public)

All dancers who participated at the Wellington Eisteddfod and upcoming Orange Eisteddfod will be performing, plus students from Year 10, Year 11 and 12 dance classes.
Come along and support our fantastic dancers!!!

Sports News

For the first time gymnastics has been trialled as a weekly sport. Unfortunately not enough students in Years 9/10 have committed to being part of the program each week. Gymnastics for sport will not run for the rest of the term. This also means that it becomes not economically viable to charter a bus down town to Central Fitness for Gym.

Gym students will be offered membership of our school Gym and sport will be conducted at school rather than at Central Fitness. It is disappointing to see students not making the most of the opportunities provided to them through weekly sport. Lets hope next term sport in the community can return.

# Please be aware that students with 3 negative ‘Sentral’ entries will not be eligible to take part in the 2014 CKC Cup.

Canobolas School Socks for CKC Cup-
- Hockey, Soccer, Netball and Softball teams will be required to wear Canobolas team socks, included in CKC Cup excursion fee for all participants.

Orange Hockey Gala Day

Wednesday September 3 Canobolas Girls and Boys hockey teams will be competing in the Orange Hockey Gala Day. This event was first run last year and Canobolas teams had a great day taking out the official’s trophy for the best sportsmanship presented on the day by all schools. Participant lists are up and notes are available from the PDHPE staffroom. Any interested student is welcome to participate on the day. It is competitive but also aimed at new and interested players.

# See the PDHPE staff for more info

It is on again! We will be contesting the “CKC Cup” against Cowra High School and Kelso High School (Bathurst) in a variety of sports and debating for Years 7-10.

Available through PDHPE & the school office
Girls Football

On Tuesday, the Open Girls Soccer team played against James Sheahan, a difficult match up in what could be their last game for the year. Low on numbers for the second game running, the girls battled on without any subs in icy and windy conditions.

The Sheahan team looked as though they had an army of subs and certainly took advantage of the fresh legs throughout the game. The Nobbies girls had an early chance in the opening minutes but the opposition profited from the deflection and put one in the back of the nets. This was just the beginning. They scored another quick goal, followed by a third in the latter part of 1st half.

Second half saw our girls take the field slightly more composed and with a better idea of what they needed to do – resulting in us restricting Sheahan to only one goal this quarter. An unlucky and disappointing result for the girls but I certainly know they learnt a lot from the controversial game.

A HUGE congratulations and thank you to our year 12 students who have represented the school many times, in particular Ashleigh Fiene who has played in the team since Year 7. Thank you also goes out to Rhiannah and Kirsten McIntyre and Elle Beasley. Your enthusiasm, dedication, leadership and football skills will be greatly missed.

Sara-Grace Turner turned on a stand out performance in goal, literally putting blood, sweat and tears into her efforts. Emily Melnik as always stood out, dominating our forward line and challenging the oppositions defence. Maddie Gogala lead the team from the back line and really got them talking. Kirra Everett was a work horse for the duration of the game, forcing some great turn overs and consistently applying pressure on the ball. A special mention to Bridgette Featon who stepped up last minute. With little experience, she ran hard and responded well to feedback.

Congratulations to all girls on a great season, looking forward to a bigger and better 2015!

Girri Girri Touch Refs

Recently, members of the Girri Girri Sporting Chance Academy sat the Level 1 coaching course for Touch Football. As a requirement of their accreditation, members officiated at the Western Region Primary Schools Touch gala day. Each student refereed 5 – 6 games, and all were deemed competent and are now officially Touch Football referees. I am also proud to report that each student did themselves and the school very proud on the day, receiving many compliments on the way they conducted themselves.

Basketball

U15 Boys Basketball

The Under 15 Boys Basketball team experienced resounding success in the first round of the WSSA Basketball competition held at the beginning of August.

The team easily accounted for Oberon 42-26 in a physical match, and followed it straight up with a surprisingly easy win against Bathurst, 52-25. Great defensive pressure led to a solid 58-34 defeat of Orange High. A slow start and poor shooting allowed Lithgow High to stay in the game until half time, but a strong second half led to a 40-26 victory. The final game of the day turned into a scoring fest, defeating Blayney High 70-18.

Matthew Gray demonstrated great skill on the day, drawing many comments (about his ability) from other coaches. Matthew averaged over 20 points per game. Of integral support to Matthew was Lachlan Baker, whose relentless rebounding and help defence made it very difficult for the other teams to get easy baskets. The teamwork and sportsmanship demonstrated by the team is to be commended.

The boys are looking forward to the WSSA finals in September.

Team: Lachlan Baker, Owen Burgess, Matthew Gray, Ben Zegzula (9), Harry Betts, James Gogala, Cody Wright (8) and Jayden Zegzula (7).

PDHPE TOPICS

Year 7 ‘Commit to be fit’ – Healthy Lifestyle
Year 8 ‘Look at me it’s Puberty’
Year 9 ‘RESPECT’- Relationships
Year 10 ‘Move it Your Way Everyday’, Active for the Future
Year 11 First Aid Option
Year 12 Sports Medicine Option
All students will have some form of assessable tasks to complete this term. For some years it will be in the form of an exam and others a set task to be completed in class / at home.

It is important to remember that the marks from assessment tasks are combined with students’ effort and participation in practical lessons to form a grade for reports. Non completion of assessment tasks limits the ability of teachers to accurately assess each student fairly. All work must be completed and handed in on time.

**School Gym / Strength and Conditioning Facility**

It’s open and available for use. Consent and membership forms available now!!

The facility is opened to students who are 15 years and over for a $20 annual fee and Year 12 students can join this year for $0. If you are interested in joining the gym and getting prescribed a strength and conditioning program you can see the PDHPE staff for more information and consent forms.

**Coming up...notes out now for...**

**Year 10 Crossroads Senior PDHPE Camp**

Where- Sydney Academy of Sport and Recreation- Narrabeen  
When- Wednesday 3-12-14 returning Friday 5-12-14 (Wk 9 Term 4)  
Who- All current Year 10 students  

**General Details**

As a student of Canobolas High School Year 10 you are invited to our 1st Annual faculty based trip to be held at Sydney Academy of Sport.

Crossroads is: A Personal Development and Health Education Course for Stage 6 which is mandatory for students in NSW public schools. Schools are to implement Crossroads for a minimum indicative time of 25 hours. The course extends the learning experiences of students in Years 7-10 Personal Development, Health and Physical Education. Course content is divided into two focus areas:

1- Working at relationships  
2- Drug issues  

# If your son/daughter is unable to attend, school will run as normal during camp time and they will complete an alternative theory/online activities booklet to be submitted to the Principal for accreditation of course completion before the commencement of the 2015 school year.

For those who are able to attend the course in Sydney we will be leaving Orange Railway station at 6:00am on Wednesday 3 December and travelling via Mt Panorama coaches to Narrabeen where we will be hosted by ‘Sydney Academy of Sport’. We will participate in a variety of theoretical lessons based on Drug education and Safe and Respectful Relationships, along with practical challenge recreational activities such as canoeing, high ropes, archery, sailing, rock climbing and other sport and recreation activities. On Friday we will return to Orange, arriving in the evening approx 7:00pm to the Orange Railway Station.

For more information about the program and accommodation you can check out:  

**What to do next**

Get a note from the PDHPE staffroom.

If you have any questions or queries please contact:

Baden Curran (Year Adviser) or  
Mark Skein (Head Teacher PD/H/PE) Ph 63621677
COMING AND TRY DAY

If you have never played softball before or haven’t played for a long time this is your opportunity to come and see if you enjoy it with no cost or commitment to register.

WHEN: Saturday 20 or 27 September
WHERE: Sir Jack Brabham Oval, Orange
TIMES:
- TeeBall  Ages 5-10  10-11am
- Modball  11-13 yrs  11:15 -12:15pm
- Softball  14-19 yrs  12:30 - 1:30pm
- ADULTS  2 - 3pm

COST: Nil, a free sausage sizzle will be available for all participants

For more information:
